## *Build your business to new Heights.*

Massage Heights is positioned to outpace the competition with our membership-based business model, distinctive retreat design and multiple revenue streams including massage services, add-ons (we call them Elevations) and Massage Heights branded retail products. Qualified franchise prospects can purchase a single unit or multi-units, or become regional developers for exclusive territories in the U.S.

## *Massage Heights takes you straight to the top.*

The Massage Heights franchise system is based on these core principles:

### *Empowerment*

Empowerment: We provide the training and the tools to help make you a successful Franchisee. Our support extends from site selection, to ongoing employee training, to our state-of-the-art POS system, to the day you first open your doors and beyond.

### *Customer-centric*

Customer-centric: Massage Heights was created to fulfill a demand that was not being met. Our Retreats are chic not clinical, our massages are customized to the individual needs of our Members, and our prices make massage attainable, not simply a vacation or spa indulgence.

### *Innovation*

Innovation: Massage Heights will capture our Member's hearts and minds only by bringing best-in-class practices to everything we do.

### *This includes:*

Our Six-Point Customer Service Standard, designed by one of the nation's top authorities on service and sales.

Salary and benefit packages that help us attract high-quality Massage Therapists.

High-impact sales and marketing materials that help you attract, grow and retain a loyal Member base.

There are clear benefits to being second to market. The Massage Heights business model features efficient build-outs with the ability to do the same volume as our larger competitor. There's plenty of room for us, and you, to grow. And we've got big plans for the future!
